Troy, Michael—Specmaker	29 Pleasant
Volpini, John—Specmaker	144 Elm
Whitehead, Benjamin—Unemployed	125 High
Wesson, Walter, Jr.—Clerk	391 Main

# REPORT OF SELECTMEN

---

To the Citizens and Taxpayers of Southbridge:

The year began with about all the complications conceivable but your Selectmen have endeavored to do for the best interest of all, the Board organized with Joseph Lafleche 2nd, chairman, and Julian C. Gabree, clerk, and have held weekly meetings on Mondays.

Inasmuch as there were few jobs to be had the Soldiers' Relief recipients increased each week, until late in the summer when many of the veterans secured work in the shops and mills, while others found work outside or on road work for the Town, and later these were absorbed in the CWA projects. This work has continued up to December 31, 1933, and at the present time the pay-rolls are small, those being aided are sick or widows with children.

In April the law allowing the sale of 3.2 percent beer and wines was passed by the State and your Selectmen granted licenses and later, in December, when the 18th Amendment was repealed and the State passed other laws, new licenses were issued for all alcoholic beverages. We have collected and turned over to the Treasurer the sum of \$19,308.14 for these licenses.

Acting with the Board of Public Welfare, we have made monthly reports of the expenditures in the Soldiers' Relief account to the State Emergency Relief Director in Boston and the Town has been re-imbursed to the amount of \$18,779.83. The amounts received before July 1, 1933, along with the license money, were used by the Assessors and materially reduced the tax rate of the year.

The appropriation for Street Lights was reduced by the Town this year and many lights had to be removed to keep within the sum raised, this has brought about much dissatisfaction and we feel that all lights should be restored in their former locations.

By action of the Town at a special Town meeting held in July, the Selectmen have had Worcester, Charlton and Central streets re-surfaced and relocated from Hook Street to the State Road on Worcester Street. This was done under the provisions of Chapter 90 of the General Laws with the State and County contributing money, the State \$15,000.00, the County \$5,000.00 and the Town \$10,000.00.

This work was done by day labor and this allowed many men who were receiving aid from the Town to be self-supporting and was a material saving to the Town, we judge about \$3,500.00.

Following will be found the reports of the several departments under our care such as Police, Fire, Accountant, Etc., and they will show a more detailed account of their work.

We wish at this time to thank the Department heads and the public for their co-operation during the year.

Respectfully submitted,

JOSEPH LAFLECHE 2nd.,

JULIAN C. GABREE,

ALFRED J. PELOQUIN,

Selectmen of Southbridge

# REPORT OF FOREST FIRE WARDEN

Owing to the extreme wet weather during the forest fire season, our loss was the smallest in years.

Last year's appropriation was \$200.00

The balance from last year's appropriation was \$183.43.

I recommend an appropriation of \$500.00.

Fire Warden's salary \$200.00.

There were 31 permits issued for fires in the open.

I wish at this time to thank the people for their good will, and again ask their co-operation with this Department to prevent forest fires in this vicinity.

## INVENTORY OF THE FOREST FIRE DEPARTMENT

One forest fire pump, fully equipped with three

thousand feet of hose -----	\$1,625.00
One ton and one half Ford truck -----	754.00
One ton Ford truck -----	250.00

In conclusion it is with pleasure that I extend in behalf of the members of the department and myself to the Honorable Board of Selectmen and other Town officials, our most sincere thanks for their kindly consideration during the past year, and trust that the accomplishments of the department have been such as to repay them for their interest.

Respectfully submitted,

ULRIC BRAULT,

Chief of Police.

Southbridge, Mass., December 31, 1933.

# REPORT OF BOARD OF HEALTH

---

To the Honorable Board of Selectmen

Gentlemen :

We respectfully submit to you our report for 1933.

The Board, Dr. Charles Simpson, Arthur Lavallee and Dr. Joseph G. E. Page, met and organized as follows.

Dr. Charles Simpson, chairman; Arthur Lavallee, clerk. Monthly meetings have been held with several special meetings during the year.

The reports from the heads of different departments herein annexed will give more detailed information on the routine work of the Health department.

We as a Board have had the usual problems to solve, problems coming from the necessary expenditure of money, as laid down by State and municipal laws and regulations.

The greatest problem is the care of the tuberculosis patients, we have to guess at our budget according to previous years expenditures, but never know what might happen in the current year. We had to pay for care of patients at the Worcester County Hospital, the Westfield and North Reading State Sanatoria.

Another item is the care of patients with other contagious diseases, quite often we get bills from other cities and towns for medical care of those who still claim settlement in this Town, such as scarlet fever, diphtheria and other ailments which make isolation necessary. All these expenditures have to be taken care of without any

premonition and sometimes causes a heavy drain on our resources as outlined in our budget.

The collection of garbage which has always been a very hard problem has remained so this year, without much complaint through the regular channels. There has been criticism discussed in committee and aired out in a whispering way. If there are complaints to the service we ask instantly of the public to let the office know, and we will try to remedy the evils, which are bound to come up once in a while in a service of this kind.

We have in 1933, as in the past few years, continued our program of prevention of disease. We have especially made an effort to get the small children to take the diphtheria toxin-antitoxin treatment. The result of our work since inoculations were started, at the express wish of the State Department of Public Health, have been so gratifying that we are amply repaid for the intensive work we put into it. Of course this activity as well as others of the same kind have given rise to some criticism, but we think we have done our duty and the citizens will appreciate the fact that diphtheria has almost disappeared from Southbridge.

The Dental Clinic, under the supervision of our local dentists who for the most part, have volunteered their services with small remuneration, has done what we expected from it. It has started a campaign of education for the little children who have learned the importance of cleanliness of the mouth and continue to follow in future years instructions gleaned at these clinics. This has also been made the grounds for criticism and in this as in other questions of the same character, we leave it to the public at large to judge for themselves.

This department is one of the most important in the life of the community and we have tried our best to make it as efficient as possible.

We think the health statistics will show that Southbridge can very well compare with any Town of its size in the State.

At this time we wish to thank the public for their interest in good health and ask that they bring their complaints direct to us when we will try to aid in every way possible.

Respectfully submitted,

DR. CHARLES SIMPSON,

ARTHUR LAVALLEE,

DR. JOSEPH G. E. PAGE,

Board of Health,

Southbridge, Mass.

## REPORT OF THE AGENT OF BOARD OF HEALTH

To the Honorable Board of Health.

Gentlemen :

I hereby submit my 29th annual report as your Agent for the year ending December, 1933.

The duties of your Agent have been as in the past a pleasant task, because of the co-operation between the people, the Board of Health and myself.

Many minor complaints have reached me but in all of them I have found the one to blame and the one finding fault ready to join hands and abate the nuisance. This speaks well for the past education for healthy homes and persons.

The following contagious diseases have been reported and those diseases so required have been quarantined and while more could be hoped for it has generally been well kept, so much so that no epidemic has been present.

Chickenpox	5	Pulmonary Tuberculo-	
Opthalma Neonatorum	2	sis	19
Suppurative Conjunctivi-		Dog Bite	3
tis	1	Influenza	2
Lobar Pneumonia	34	Mumps	3
Scarlet Fever	50	Measles	5
Septic Sore Throat	1	Whooping Cough	1
		Typhoid Fever	1
Total			137

Following is a list of deaths that have occurred in the Town and for which I have issued permits for burial.

DISEASES OF HEART		CANCER	
Endocarditis	1	Uterus	5
Myocaritis	14	Rectum	3
Angina Pectoris	6	Liver	2
Valvular	1	Prostate	1
Arterio Sclerosis	10	Jaw	1
Coronary Sclerosis	1	Breast	1
		Bladder	1
DISEASES OF BRAIN		Ovary	1
Cerebral Hemorrhages	15	Lung	1
Septo Meningitis	1	Colon	1
DISEASES DIGESTIVE SYSTEM		Sarcoma	2
		Pulmonary Embolism	
Acute Cholecystitis	1	following Parturition	1
Cirrhosis of Liver	2	Congenital Debility	1
General Peritonitis	1	Placenta Praevia	1
Diabetis	3	Still-born	14
Pulmonary Tuberculosis	3	Premature Birth	8
Pulmonary Abscess	1	Accidental	12
Pernicious Anemia	1	Suicide	2
Rheumatic Fever	1	Hypostatic Pneumonia	1
Malignancy of Cervical Vertebra	1	Lobar Pneumonia	12
Ill Defined, Medical Examiners Cases	13	Influenza	1
		Infantile Convlusions	1
		Nephritis	7
Total			155

Respectfully submitted,

ALBERT R. BROWN,

Agent

## REPORT OF MILK INSPECTOR

To the Honorable Board of Health.

Gentlemen:

I hereby submit my report as your Inspector of Milk for the year ending December 31, 1933.

I have issued during the year the following licenses:

Peddlers	-----	54
Stores	-----	30
Oleomargarine	-----	8

The condition of the milk supply has remained the same, this because the State Department of Agriculture was unable to test the cows of this Town until December. This they have now completed and all animals infected with tuberculosis have been ordered killed and the farmers of Southbridge as well as Sturbridge, Dudley and Charlton from which Towns the largest part of our milk comes, have replaced same with healthy cows. Therefore beginning January 1, 1934, the regulation passed two years ago will become effective.

As this work progressed the farmers have cleaned their barns and milk rooms and I think from now on the people will be better served with clean healthy milk.

I wish at this time to thank the Board of Health, the farmers who have been under heavy expense in this work, for their splendid co-operation.

Respectfully submitted,

ALBERT R. BROWN,

Inspector of Milk

---

## REPORT OF INSPECTOR OF SLAUGHTERING

---

Southbridge, Mass., January 19, 1934

To the Board of Health.

Gentlemen:

I hereby submit my report as Inspector of Slaughtering for the year ending December 31, 1933.

Number of Carcasses of Beef inspected -----	42
Number of Carcasses of Lamb inspected -----	9
Number of Carcasses of Veal inspected -----	253
Number of Carcasses of Swine inspected -----	204
	<hr/>
	508

One Beef Carcass was condemned for tuberculosis.

One Veal Carcass was condemned for underweight.

Respectfully submitted,

ARMAND W. GENDREAU,

Inspector of Slaughtering

## REPORT OF INSPECTOR OF ANIMALS

---

Southbridge, Mass., January 19, 1934

To the Board of Selectmen.

Gentlemen:

I hereby submit my report for the year ending Dec. 31, 1933.

As your Inspector of Animals I have made 99 inspections of barns the past year. The work has greatly increased on account of ninety herds being tuberculin tested and re-inspection of barns where reactors were found.

I find 634 head of cattle, 144 hogs, 5 goats and 7 sheep.

I quarantined 4 dogs having bitten persons. After fourteen days they were released as they showed no symptoms of rabies.

I also condemned one cow for tuberculosis.

Respectfully submitted,

ARMAND W. GENDREAU,

Inspector of Animals

## REPORT OF SCHOOL INSPECTOR

To Honorable Board of Health.

Gentlemen:

I hereby submit my report of Notre Dame School children as examined by me during the year ending December 31, 1933.

Number of pupils examined ----- 629

### Defects found as follows

Poor Nutrition -----	94	Abnormal Heart Con-	
Carious Teeth -----	333	dition -----	3
Poor Posture -----	10	Defective Tonsils ----	152
Skin Condition -----	6	Curvature of Spine --	1

The parents have been notified to have these defects corrected and in many cases this has been done. Many of the teeth have been removed or filled at the clinic. I hope the parents will make a determined effort to help their child in this matter.

Respectfully submitted,

DR. JOSEPH G. E. PAGE,

School Inspector

---

## REPORT OF SCHOOL PHYSICIAN

---

To the Honorable Board of Health.

Gentlemen:

I hereby submit my report of Parochial School examination of pupils of Jean D'Arc School and St. Mary's School.

Number of pupils examined ----- 647

Defects found as follows

Poor Nutrition	-----	69
Carious Teeth	-----	456
Defective Tonsils	--	121
Abnormal Heart Con-		
dition	-----	17

Notices have been sent to parents or guardians of the defects found.

Respectfully submitted,

CHARLES SIMPSON, M. D.,

School Physician

## REPORT OF PLUMBING INSPECTOR

To the Board of Health.

Gentlemen:

I hereby render my 29th annual report as your Inspector of plumbing for the year ending December 31, 1933.

During the year there has been installed the following fixtures:

Water Closets	-----	118	Trays	-----	34
Baths	-----	99	Basins	-----	118
Bubblers	-----	1	Urinals	-----	5
Sinks	-----	104			

On this installation I have made 57 water tests and in all 107 inspections and on many consultations with plumber and owner so as to have the work started correctly and with the least expense to the owner.

All of this work has been done according to the By-Laws with the exception of one, where it had to be done over again by another plumber, the work first being done by an unlicensed plumber. This entailed extra expense on the house owner and I think it is good judgment to always employ men who are skilled in the work to be done.

I wish at this time to thank the Board of Health, the different plumbers in and out of Town, for their fine co-operation in this work.

Respectfully submitted,

ALBERT R. BROWN,

Inspector of Plumbing.

## REPORT OF HEALTH NURSE

To the Honorable Board of Health.

Gentlemen:

I hereby submit my report as Board of Health Nurse for the year ending Dec. 31, 1933.

### TUBERCULOSIS CLINIC

Last April the weekly tuberculosis clinic was discontinued to establish a monthly consultation clinic, with the co-operation of the State Department of Public Health. These clinics are held in the Harrington Memorial Hospital the third Wednesday of every month, and this service is extended to the following towns: Monson, Warren, the Brookfields, Wales, Holland, Brimfield, Sturbridge, Dudley, Oxford and Charlton. All doctors are notified before each clinic and invited to send their patients.

Two specialists from the Rutland State Sanatorium examine persons who present themselves with a written request from their own physician. If necessary they are X-rayed and a complete report of findings with recommendations is sent to the physician.

There are several such consultation clinics in the State, covering a large rural area. The purpose:—to assist physicians to diagnose the disease in the incipient stage and follow-up ex-sanatoria patients.

The physicians have appreciated this service for their patients as evidenced by the number sent in for examination.

Patients examined	-----	187
New Patients	-----	143

Patients re-examined -----	44
Ex-Rays Taken -----	136
Childhood Type Found -----	18
Pulmonary Type Found -----	23
Non-Tubercular -----	146
Recommended for Sanatorium Treatment	32
Admitted to Sanatoria	
Resident -----	9
Non-Resident -----	7
Recommended by—	
Physicians -----	22
Child Guardianship -----	11
Public Welfare -----	6
Towns Represented -----	15

### PRE-SCHOOL CLINIC

Two pre-school clinics were held in the Town Hall by the school physicians. By having a physical examination in early Spring, adequate time is allowed before school opens for correction of defects.

This saves loss of school time later and gives the beginner a better start.

There were fifty children examined and parents requested to follow recommendations.

### DIPHTHERIA IMMUNIZATION CLINIC

The past year completes the fifth year of our diphtheria prevention program. It is extremely important from the standpoint of eradication of the disease to reach the pre-school group because of the incidence of the disease to that particular age level. Shortly after school opens in September, notices are sent home with the children to be signed and returned to the teacher. All children from six months to ten years should receive three doses of toxin-antitoxin to be followed in six months by the

Schick Test, to ascertain if the child has a negative reaction, which means immunity from diphtheria, or a positive, which means the child is susceptible, and should have another series of treatment.

Of the group given the Schick Test in May, two hundred and sixty-four were negative, forty-two of this number were pre-school; and seventy-six positive. One hundred and seventy-four received the treatment last Fall.

### CHADWICK CLINIC

The yearly examination of the children in the ten-year program of the Chadwick clinic, under the direction of the State Department of Health, took place in the Town Hall during the month of April. The children were X-Rayed and given a physical examination by Dr. Martin.

Number of children recommended for examination -----	20
Number of Children re-examined -----	19
Number of Children improved -----	19
Number of Children X-Rayed -----	18
Number of Children recommended for Summer Camp -----	2
Number of Children discharged from clinic -----	2

#### Left School and Working Group

Number of Children re-examined -----	3
Number of Children improved -----	3
Number of Children X-Rayed -----	3
Number of Children discharged -----	1

#### New Cases

Number of new cases examined -----	5
Number of new cases X-Rayed -----	5

## DENTAL CLINIC

Correction of dental defects is still a problem, perhaps because dental defects are ever with us, and cannot be easily eliminated as some other defects. Then, too, it is now realized that caries of the teeth is a deficiency disease, and that proper nutrition is essential.

Although dental defects are numerous, the dentists on duty report a vast improvement in the care and cleanliness of the teeth. All children who had had the necessary dental work done, insofar as the clinic program will allow, received certificates.

The dental clinic was opened every Monday, Tuesday and Wednesday, from nine to eleven forty-five, from October first to June first. Any child in the first four grades with a permit signed by a parent was admitted.

Number of Children who reported to Clinic --	503
Number of Extractions -----	141
Number of Fillings -----	259
Number of Cleanings -----	341
Number of Children who received certificates	155

Through the sale of Christmas Seals three children were privileged to spend eight weeks at the Sterling Health Camp. Selection of children made on the basis of poor physical condition and exposure to tuberculosis.

The school inspectors examined one thousand two hundred and seventy-six children in the Parochial schools assisted by the nurse. Defects recorded and notices sent to parents. A defect of the eye or ear is perhaps the greatest handicap to the student, and as many as possible of these defects should be corrected. During the past year nine children had their eyes examined, by an optician or specialist, and were provided with glasses from a private charity fund. One child was provided with a glass eye and another with a progressive form of blindness was

admitted to Perkins Institute. The parents of these children greatly appreciated this service.

Communicable diseases reported to the Board of Health were quarantined and placarded, according to local requirements. The family received instructions concerning precautions necessary to prevent the spread of disease.

Number of visits to Scarlet Fever cases -----	126
Number of visits to Suppurative Conjunctivitis ----	11
Number of visits to Ophthalmia Neonatorum cases -	7

At this time I wish to thank all organizations and individuals who have co-operated and assisted in any way.

Respectfully submitted,

MARGUERITE C. HOULE, R. N.

# REPORT OF BOARD OF PUBLIC WELFARE

---

To the Citizens of the Town of Southbridge :

In making our report for the year 1933 this Board feels that they have encountered many conditions never before known. Up to the month of August, this year bids fair to be the largest in the history of the Town in dispensing relief, but at that time the local factories having adopted the various codes the number of men employed was materially increased, and the number of families aided automatically decreased. About August 1, the Worcester street construction took the balance of able-bodied men available, and in the latter part of Nov. the C. W. A. started operating and continued until the end of the year. This work has relieved the Board of able-bodied men and we anticipate that they will continue work through the month of April. During the year 42 young men were sent to the Citizens Conservation Corps and are contributing toward the support of their families. Although we have no means of anticipating the coming year, we sincerely believe that we are looking forward to a brighter situation than last year at this time.

The Mothers' Aid Division continues as before and we feel that it is accomplishing its purpose, namely of allowing dependent mothers to bring up their children under proper conditions.

The Old Age Assistance Bureau is still in its infancy, but the Board feels that the appropriation should be large enough to care for all of the cases entitled and not force the Bureau to select from a list where all are quali-

fied and refuse a number of persons who feel that they have been discriminated against.

The Infirmary on Chestnut Street has been painted on the outside by the C. W. A., and the interior is in excellent shape, the only improvement needed is in the heating system, and the Board expects to ask for a special appropriation after a study has been made of the requirements. Joseph N. Payant has been reappointed as Warden after twenty-one years of faithful service.

In January of 1933, the Board appointed Dr. Chas. Simpson as Town Physician and this part of the work has been carried on in a satisfactory manner. Herbert H. Michon is now serving his seventh year as agent and has been reappointed for 1934. The Board wishes to thank the various Town officials, local factories and business men for their co-operation.

#### 1933 Appropriations

Outside Poor -----	\$84,023.00
Mothers' Aid -----	11,000.00

# REPORT of the TRUSTEES of the JACOB EDWARDS LIBRARY

---

## TRUSTEES

For the Town—

Fred E. Corbin

George Grant

Oswald J. Laliberte

Henry Tetreault

For the Edwards Bequest—

Richard C. Paige

Gertrude W. Smith

George B. Wells

## LIBRARY HOURS

Week Days, except January 1, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas—10 to 12; 2 to 9 p. m. Sundays, October-May (for reading), 2 to 5:30.

## REPORT OF THE LIBRARIAN

To the Trustees of the Jacob Edwards Library:

The demands upon the Library are increasing as never before. The energy and strength of the staff have been taxed to the utmost to take care of the work day by day. Most Public Libraries, both in cities and towns, have shortened the hours during which libraries were open, but this Library has managed to keep open during the usual hours.

This Library has also been unusual in actually spending more money for books during 1933, than in past years. This was made possible through the income from the Edwards Bequest. The policy of the Library has always been, not only to supply insofar as possible, the great and legitimate demand for new fiction and popular non-fiction; the replacing of great numbers of wornout standard books of fiction and children's books; but also the building up of a good general library of the standard books in all classes; a good collection of books for reference use, and a good library for the use of the children of the Town. Books we do not have are borrowed from larger libraries. One such book, after much searching, was borrowed from the Medical Society of New York, for a resident.

The circulation of books is only one part of the usefulness of a public library, but has been called an accurate index of the general use of a library. The following figures speak for themselves:

Year	Circulation	Per Capita
1923	56,641	3 7-8
1928	88,436	6
1933	118,495	8 1-3

What is true of the circulation of books, is true of

the entire Library. The reference use of the Library increases so constantly that it is impossible to take care of it adequately. About two-thirds of the population of the Town are registered users of the Library. A large number who are not registered, use the Library for reading and study.

The Library Committee of the Harrington Hospital are taking books twice a week to the hospital for the use of the patients.

The Massachusetts Library Commission has continued to lend us small "libraries" of books in Polish, Greek and Italian, which have been much appreciated.

"There is but one road to progress in our complex civilization—that is, more building of character and more understanding. That can only partly be obtained from the home, the school and the press. There must be a lifelong supplement of reading of good books, for which our public libraries are our source and mainstay."

Respectfully submitted,

ELLA E. MIERSCH,

Librarian.

# REPORT OF CEMETERY COMMITTEE

---

The Cemetery Commission organized for the year of 1933 with George H. Hartwell as chairman and S. W. Williams as clerk.

The Board of Public Welfare supplied labor from April to September 1st. This was done without cost to the Cemetery Department. The year was finished with a substantial balance, the major part of which was transferred to the C. W. A. account at a Town meeting held December 9th.

A family owning one of our best locations greatly beautified it by following out an extensive landscape program. This work was done under the supervision of expert landscape architects. We take pleasure in extending to this family our deep appreciation for the work done and interest shown. They have not only beautified their own holding but have greatly improved the appearance of the Cemetery as a whole.

The greater part of the Cemetery Permanent Fund is invested in Savings Banks. The income from this fund will be greatly lessened due to the reduced interest rate paid by these banks. It will reduce our income approximately six hundred dollars. This financial loss will make it extremely difficult to operate in a satisfactory manner during the coming year.

The total amount collected by the Cemetery Department for the year was \$456.58.

GEORGE H. HARTWELL,

DANIEL T. MORRILL,

WARDWELL M. EDWARDS,

Cemetery Commission

# REPORT of the SEALER of WEIGHTS and MEASURES

---

To the Honorable Board of Selectmen:

This report of the Department of Weights and Measures for the year 1933 shows a decrease in revenue of about \$10 from the year 1932. This is accounted for by the closing of several Gasoline Stations. Also the decrease in the use of Platform Scales in various stores.

The total number of inspections is greater this year than last, the number for this year being 3,083.

An effort has been made by this department to keep the Town free of peddlers. The police have co-operated in this work.

Building Inspector

# REPORT OF THE TREE WARDEN

---

To the Honorable Board of Selectmen,  
Gentlemen:

Trees in Southbridge are in fairly good condition. I have removed several this year as in the past, but none have been replaced on account of hard times.

Very few trees in our district with the exception of red and white pine that have been set in by the C. C. C. men. Most of the trouble in loss of trees is because of the lack of nourishment and water, and also those planted along sidewalks or covered with cement dry up and die.

Pine blister does not seem to be so prevalent as in the past years.

Chestnut trees seem to be coming back. I have seen chesnut trees 20 feet high which seem to be very healthy. Have seen one in Holland 30 feet high and in good condition. Hope the blight is dying out.

The 500 Red Pines planted for the Isaac Walton League are doing splendid.

Apple trees now seem to be victims of blight in various parts.

To detect blight on trees—it comes in the form of punk, one-fourth inch thick on the leaves. Will spray in March, around the 15th.

Respectfully submitted,

ALBERT L'ECUYER,

Tree Warden

# REPORT OF GYPSY MOTH DEPARTMENT

---

To the Honorable Board of Selectmen,

Gentlemen :

The only way of checking the Gypsy Moth is by constant scouting. With the aid of the C. W. A. men of which I am in charge, we are scouting the woodland in every part of this vicinity. Nine-tenths are found in fruit trees. Every year the same trouble of the Brown Tail Moth occurs in various parts of the State although we have had none here.

The Japanese Beetle has been discovered mostly around Boston, and brought here from Japan in flowers and shrubs. Last year the State set out traps all over New England. We have trapped three here. There had to be a quarantine on different flowers, shrubs and also the corn borer.

Last year we were also troubled by the Mexican Beetle. They mostly attack the butter and string beans. I found them also damaging arbor trees.

Respectfully submitted,

ALBERT L'ECUYER,

Superintendent.

# REPORT OF INSPECTOR OF WIRES

To the Honorable Board of Selectmen,

Gentlemen:

I submit the following report for the year ending December 31st, 1933.

During the year I issued the following permits.

For new work -----	41
For additions to old work -----	269
For recommendations to change wiring -----	29
<hr/>	
Total permits -----	339
Inspections to both old and new work -----	639

Respectfully yours,

CHARLES J. LAFRANCE,

Inspector of Wires.

# REPORT OF SEWER COMMISSIONERS

---

To the Citizens of Southbridge, Mass.

The Board of Sewer Commissioners submit their report for the year 1933.

The sewer system of the Town was inspected and found in a satisfactory condition.

Several manholes have been raised to meet the present grade of the roads. The Town now has about 23 miles of sewers.

At this time we want to mention that the filter beds at Sandersdale are not large enough to accommodate the sewage of this Town, the settling tank is too small to accommodate the raw sewage. Fifty percent of the raw sewage is distributed onto the beds. The old filter beds are in very poor condition due to the fact that the filtering material in these beds is very poor, and the State Department of Public Health advise that the Town take immediate action to remedy these conditions, and recommends that a new system be planned for the disposal of sewage.

The Department has built a sewer from South to Beech Street from the Sewer Assessment revenue, a stretch of 1,100 feet. This sewer accommodates 9 families.

Several sewers are being built at the present time through the CWA at a big saving to the Town.

Submitted by the Board of Sewer Commissioners,

Respectfully submitted,

O. L. LAPIERRE,

O. L. PERRON,

P. BENOIT,

Sewer Commissioners

# REPORT OF TOWN PLANNING BOARD

---

The Honorable Board of Selectmen,  
Southbridge, Mass.

Gentlemen:

The Planning Board wish to submit their report for the year 1933.

Not having had an appropriation to continue the work to the point that the town might adopt the zoning plan, we could not do much of importance, inasmuch as the work is now advanced to the point where an appropriation will be required to have the plan adopted.

We would recommend that the sum of \$400.00 be appropriated to complete the work.

The Board met but few times during the year.

We have formulated some definite recommendations which we are now ready to submit.

Respectfully submitted,

OSWALD J. LALIBERTE,

Chairman Planning Board, Southbridge.

# REPORT OF LOCAL CIVIL WORK ADMINISTRATOR

---

On Nov. 18, 1933, I was appointed as Local Civil Works Administrator for the Town of Southbridge. On Nov. 22, 1933, work was actually started on the first project. By Dec. 10, 1933, there were 14 projects under way consisting of sewers, roads, removing dangerous corners, brush cutting and painting. Up to Jan. 1, 1934, the payrolls amounted to \$9,111.26. Three hundred and twelve men are being employed and as a result the welfare costs have been greatly reduced. The workers in general have been interested and have given their all showing that the attempt to keep up the morale has not been in vain. Great credit for the success of our local work is due to the untiring work of the Town Engineer, Mr. John G. Clarke, who has been on the job early and late and in doing so has made it possible for the Town to receive the full benefit of every dollar spent. As the work has been in progress but one month it is impossible to render a report that will give the citizens much information, but on completion of the present projects I will render a detailed report that every person interested will know of the attempt of the Federal Administration to give every man a chance to earn a living for his family and not to be a recipient of dole.

Respectfully submitted,

GEO. H. HARTWELL

Local Civil Works Administrator

# REPORT OF TOWN ENGINEERS

Dec. 31, 1933

Honorable Board of Selectmen,  
Southbridge, Mass.

Sirs:

In this report for the year 1933, we take the opportunity to place on record the construction work carried on under the Federal Civil Works Administration in this Town and placed under this department for supervision.

The projects undertaken were the following:

Sewers on Hudson Ave., Pleasant St., Chapin St., and Oakes Ave

Repairing Drains and widening the travelled way on Gulf Woods Road and Brickyard Road.

Draining, regrading and repairing rail on Cliff st., leading to St. Georges Cemetery.

Improving dangerous street corners at the westerly end of Hamilton St. and at the railroad crossing at Sandersdale.

Storm Drains on Main St. and Collier St.

Painting School Buildings, Police Station and Infirmary. Cutting brush and superfluous trees along country roads.

The above projects were chosen with a view to the possibility of carrying them on during the winter, and taking care of work which was likely to be called for in the near future. The winter to this date having been un-

usually severe the outdoor work has been difficult, but all projects are well under way.

In carrying on this work the fullest co-operation has been received from the Highway, School, Sewer and Welfare departments, the entire undertaking being in charge of Mr. Hartwell, chairman of the last named board, who was appointed by the Federal Government to the position of Local Civil Works Administrator.

Following past practice of this department we submit a list of construction projects which we think could well be undertaken by the Town during the coming year, as follows:

Sidewalk on the easterly side of Mechanic St. southerly from Worcester Street.

Sidewalk on the westerly side of Everett St. from Park St. to Summer St. and westerly along Summer St.

Sidewalk on the northerly end of Central St. together with remodeling Girard Park to fit the new roadway.

Rebuilding North Woodstock Road northerly from the end of 1926 construction, to be done with State and County aid.

Rebuilding as many of the Sewer Beds as the Town can afford.

Respectfully submitted,

Southbridge Engineering Department,

John G. Clarke

Town Engineer.

**REPORT OF AN AUDIT**  
  
OF THE  
  
**ACCOUNTS**  
  
OF THE  
  
**TOWN OF SOUTHBRIDGE**  
  
FOR THE FISCAL YEAR ENDING  
DECEMBER 31, 1933

Made in Accordance with the Provisions of  
Chapter 44, General Laws

**February 15, 1934**

February 15, 1934

To the Board of Selectmen,

Mr. Joseph Lafleche, 2nd, Chairman.

Southbridge, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Southbridge for the fiscal year ending December 31, 1933, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

Mr. Theodore N. Waddell,

Director of Accounts,

Department of Corporations and Taxation,

State House, Boston.

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Southbridge for the fiscal year ending December 31, 1933, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing money for the Town, or committing bills for collection, were examined, checked, and verified by a comparison with the reports and the records in the Town Accountant's office.

The Accountant's ledger was analyzed, the appropriation accounts being checked to the Town meeting records of appropriations and transfers voted. A balance sheet, showing the financial condition of the Town on December 31, 1933, was prepared and is appended to this report.

An improvement in the financial condition of the Town on December 31, 1933, was noted. A substantial increase in the surplus revenue account has been made, so that it now amounts to \$86,244.02. However, no part of this amount is available for appropriation by the Town until the uncollected taxes, amounting approximately to \$153,000, are reduced to a sum less than the surplus revenue account.

The books and accounts of the Town Treasurer were examined and checked. The cash book was footed and the recorded receipts were analyzed and compared with the Accountant's ledger and with the records of the departments making payments to the Treasurer. The payments

by the Treasurer were compared with the Selectmen's warrants authorizing the disbursement of Town funds.

The payments on account of maturing debt and interest were verified by a comparison with the amounts falling due.

The savings bank books and securities representing the investments of the various trust funds in the custody of the Town Treasurer were examined and listed and the income was proved.

The Treasurer's cash balance on January 13, 1934, was proved by a reconciliation with statements furnished by the banks and by an actual count of the cash in the office.

The books and accounts of the Collector of Taxes were examined and checked in detail. The taxes outstanding at the time of the previous examination were audited, and all subsequent commitments of taxes and assessments were proved and checked with the Assessors' warrants. The recorded collections were compared with the payments to the Treasurer, as recorded on the Treasurer's cash book, the abatements were checked with the Assessors' record of abatements granted, and the outstanding accounts were listed and proved.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the Town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of licenses and permits issued by the Selectmen, Town Clerk, and Health and Fire Departments were examined and checked, and the payments to the State and the Town were verified.

The surety bonds of the Treasurer, Tax Collector, and the Town Clerk were examined and found to be in proper form.

It is again recommended that all departments commit-

ting bills for collection or granting abatements thereon promptly notify the Town Accountant of the commitments made or abatements granted; similarly, the Accountant should be advised of all apportionments made on special assessments, so that his ledger accounts may at all times reflect the true condition of the different accounts receivable.

The tax title deeds on hand were listed and the amounts transferred to tax titles were verified.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the public welfare, school, library, and fire departments were examined and checked, the payments to the treasurer being verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax and departmental accounts, together with tables showing the trust fund transactions.

For the co-operation extended by the several town officials during the process of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON

Chief Accountant

# REPORT OF TOWN ACCOUNTANT

---

Honorable Board of Selectmen,  
Southbridge, Mass.

Report of Town Accountant's Department for the fiscal year ending December 31, 1933, is appended hereto.

The report is substantially in the same form as previous years and as prescribed by the State Division of Accounts. The Accountant has again itemized expenditures in greater detail than prescribed by the State forms. This, of course, materially increases the tabulation and clerical work of the office.

In 1933 this Department attempted to operate on a part time basis as recommended by the Finance Committee. The results are too familiar to your Honorable Board to necessitate comment on the inaccuracy of the Committee's statement, viz: "—one-half time is sufficient."

The Accountant again acknowledges and appreciates the use of office equipment loaned by the various departments as well as the co-operation of the officials.

Respectfully submitted,

JOSEPH E. DESROSIER,

Town Accountant

1933
